

Mahindra Scorpio Pick-Up

SCORPIO
PIK UP DOUBLE CAB

Welcome to the very top end of driving experiences with the fully loaded Scorpio DC Pickup. Powered by the mighty 2.5L NEF TCI diesel engine.

On the outside the Scorpio DC Pickup has a very distinctive look with its signature front grille, sporty lamps and all-muscle rugged body. Inside, it is

loaded with advanced features that are not only the state-of-the-art but are designed for the ultimate in style, safety and comfort of both driver and passengers. Enjoy a new age of comfort and convenience with features like Audio Controls on the steering wheel and a host of other advanced standard and optional fittings. Drive the Scorpio DC Pickup to discover what it feels like to dominate every road.

Key Features

- 5 Speed Manual transmission
 - Dual Airbags
- 2-DIN Audio system with CD/MP3 player and USB port
 - Audio Control on Steering wheel
 - 4WD (optional 4x2)

PERFORMANCE

The 2.5L, 4-cylinder diesel engine is what makes the Scorpio the powerhouse that it is. Acceleration is effortless. With 105 bhp of power and 258lb torque at your disposal, out-muscling other cars is no problem.

COMFORT

Fitted with new foam contours, the seats in the new Scorpio have been designed after meticulous 'Body Pressure Mapping'. In fact, they're so ergonomically adapted to the human form, they hug.

SAFETY

From modern SRS airbags, to tubeless tyres, ABS and fortified crumple zones, the Scorpio harnesses cutting edge technology to give you unmatched safety.

Crash Protection Crumple Zone

Crumple zones at key points absorb most of the impact in case of a collision. The unyielding steel bars in the doors minimize impact from the sides.

CONVENIENCE

Welcome a car that almost seems to anticipate your needs. The audio system controls on the steering wheel and the numerous convenient utility spaces, you'll find your smallest needs met. A smart power window, bottle holders, map pockets, a large glove box; there's surely nothing that this car overlooks.

STYLING

Luxurious trims dominate the interiors, boasting the style quotient of the Scorpio. But what really sets the Mighty Scorpio apart, are the brawny new body contours, bold slotted front grille and sporty body graphics.
